MEETING

Read the dialogue and answer the questions.

The students and teachers of Aranayaka college are planning to have a cultural show in the school language center. They wish to promote harmony and understanding among the people.

Kamal – we're going to be busy the next couple of days.

Nizar – Of course, with the cultural show coming up, the work involved is going to be hectic.

Geetha – The events of the show will have to highlight the beliefs of communities and countries. As we all know, customs, traditions, rituals and celebrations vary according to communities and cultures.

Nizar – Don't you think language is also important? The food we eat, the clothes we wear, the ideas too are a part of the culture.

Geetha – I think Kamal will be able to clear our doubts as he helped his sister with her project on cultural studies.

Kamal – yes, thanks to my sister, I now have a broad idea about culture. The historical sites, paintings, prohibitions, tools and symbols used in a community are also of cultural significance.

Nizar – yes, but don't forget that culture changes with time.

Read the text and answer the given questions.

About half the young people in America are heavier than they should be. That's because they eat the wrong food, or they eat too much, or too often, or all three. American doctors keep warning about 'overweight' kids. However a lot of habits are very hard to change. Fast food restaurants, for example, are as popular as ever, at all times of the day, Hotdogs, Hamburgers and French fries are still the most popular things to eat. The problem is that they are high in calories, and fat. Another problem is to encourage children and teenagers to eat their greens.

But eating too much is not the only reason why people get fat. Drinking too much has the same effect. In summer it is so easy to drink too much. In America people drink lots of soda drinks. Such as cola and other beverages. The reason is simple. They are on sale at everywhere ; in shops, cafes, restaurants. When compared to Europe it is very cheap. But each small soda contains spoonfuls of sugar. No wonder people get fat.

Dirt on my shirt

There's dirt on my shirt

And leaves in my hair

There's mud on my boots

But I don't really care

Playing outside is so much fun

To breathe the clean air

And feel warm sun

To stomp in a puddle

Or climb a big tree

Makes me quite happy

Just look and you'll see
