2. Identify 05 linking words used in the paragraph and write their functions in your answer script.

One of my favorite hobbies is traveling. Therefore, I decided to get a job that paid me to travel because I just couldn't afford my habit. I worked for a company called Offroad where I led bicycle trips. It was a really hard job. I got to spend two months living and working in France's wine country. In addition, I went to the south and stood on the red carpet where they hold the Cannes Film Festival. Riding bikes all summer was great, and traveling around France was incredible; however, the job was too much work and not enough play. Thus, while it fed my traveling addiction, I knew that job wasn't for me.
